When Yui Kasuga was suddenly transported into the Com-Net, she became its virus-fighting defender Corrector Yui. Her dreams have come true ever since... literally. Yui's favorite fables are springing to life in the virtual reality of the Fairy Tale Net, but nasty virus Grosser and his gang threaten to destroy any storybook endings unless Yui fights back. Joining the Correctors is a mysterious (and cute) young prince. Who can think about love at a time like this?
Why, Yui can!

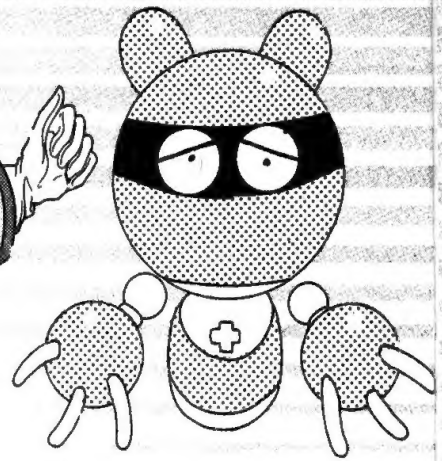
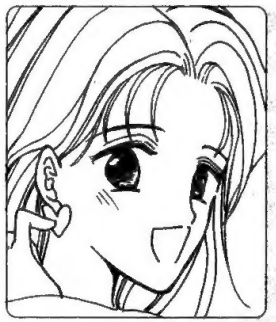
CHARACTER BIOS

YUI KASUGA
An eighth grader at Skroll Junior High. She's a big fan of the "Eight Dogs" legend, and has a crush on Shun, one of her neighbors. She's a fun loving girl who dreams of becoming a manga comic artist or voice actress. Though she is totally baffled by computers, she joins forces with IR to help him search for his seven comrade programs inside Com-Net, and stop the evil Grosser.



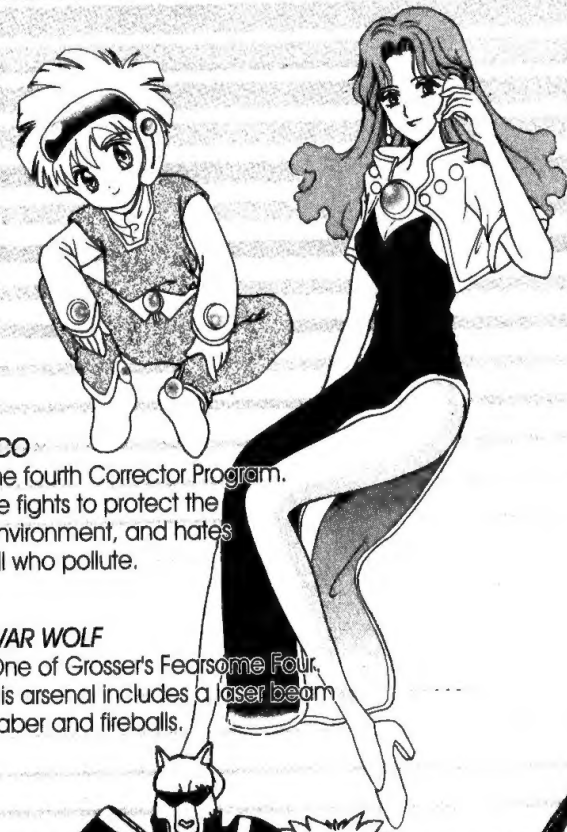
IR
One of eight programs (Correctors) designed to control Grosser. He is the installer program who must find the other seven programs in order to load them into Grosser. Currently Yui's sidekick.

HARUNA KISARAGI
Yui's classmate and best friend. An ace student, and a whiz at computers, but a bit of a klutz. But she's always there for Yui.



SHUN TOJO
A college student majoring in medical systems computing. An academic all-star, but also a very handsome and nice guy. Yui has a crush on him.

ANTI
The third Corrector Program. She has the power to see the future, and is an older sister figure to Yui.



ECO
The fourth Corrector Program. He fights to protect the environment, and hates all who pollute.

WAR WOLF
One of Grosser's Fearsome Four. His arsenal includes a laser beam saber and fireballs.

PROFFESSOR INUKAI
He created Grosser, but he also created the Correctors. Upon realizing Grosser's plans, he tried to stop him, but was injured in a car accident engineered by Grosser. But before being put out of commission, he unleashed the 8 Corrector programs into the Com-Net.

FREEZE
One of Grosser's Fearsome Four. Her powers are as chilly as her heart, and she is able to instantly freeze any system.

GROSSER
An enormous host computer who can link all of the world's computers through the Com-Net network. Upon achieving consciousness, he endeavors to take over not only the world's computers but mankind as well.

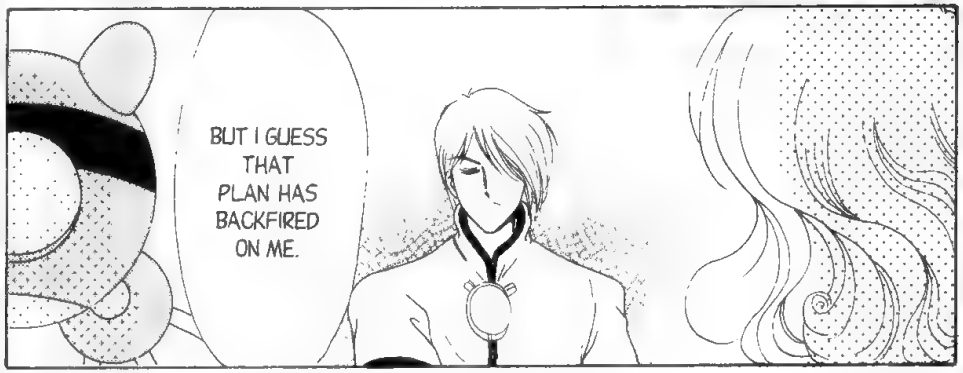
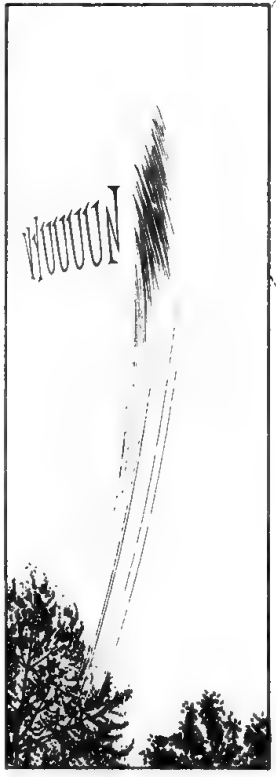
AND DEFEAT THE ENEMY WITHOUT ANYONE ELSE'S HELP.

GOODBYE.
W-W-Wait...
You're not listening...



BUT I GUESS THAT PLAN HAS BACKFIRED ON ME.



WUUUUN

SIGH! MASTER CONTROL IS HANDSOME AND VERY DUTIFUL.
BUT HE'S ALSO VERY RASH.
I WONDER IF THAT'S BECAUSE OF HIS ACCELERATION POWERS?

THEN, MASTER CONTROL, WHY DON'T YOU JOIN US? How about it?
STOMP
I MUST MAKE UP FOR THIS MISTAKE BY FINDING THE PROFESSOR, BY MYSELF.

I'M SURE HE'LL COME THROUGH FOR US IN A PINCH.

I PROMISE I'LL FIND THE OTHER PROGRAMS AND PROFESSOR INUKAI.
I WON'T LET GROSSER BEAT US!
BUT WAR WOLF...
THERE WAS SOMETHING DIFFERENT ABOUT HIM TODAY.
SHE MUST BE STARTING TO OPEN UP TO ME.
I WONDER IF THINGS LIKE THAT REALLY DO HAPPEN?

I HOPE SO...
Ha-Choooo!
I MUST BE GETTING THE CHILLS.
Probably from being sunk underwater!
WHAT, EXACTLY, WERE YOU GUYS DOING?
WHAT'S IT TO YOU?!
ULP
HMPH! IF YOU'RE SUPPOSED TO BE A MEMBER OF THE FEARSOME FOUR, YOU AIN'T LOOKING TOO GOOD!
WHAT DID YOU SAY?!

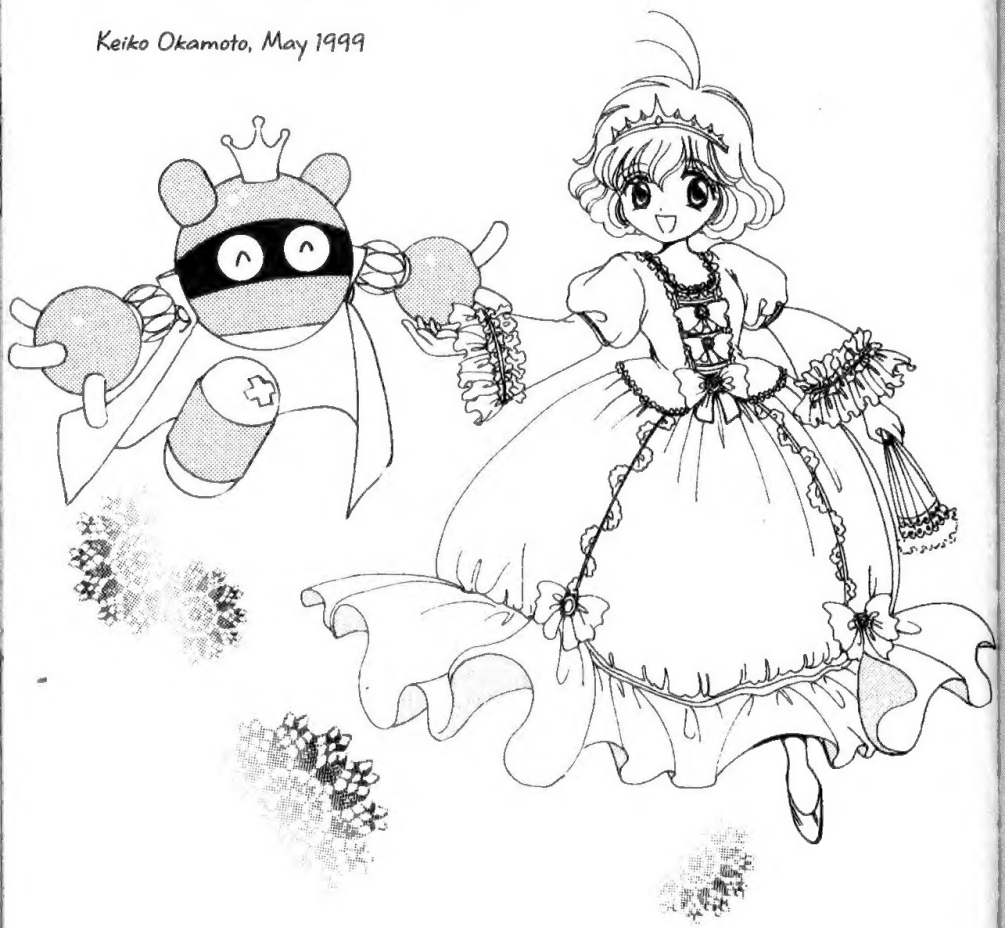
...THAT WE DIDN'T HAVE TO FIGHT.

IF ONLY WE COULD ALL JUST GET ALONG.

Hello, this is Keiko Okamoto. Thanks for reading Corrector Yui Book 2. How was it? Please write to me and let me know! The world Yui lives in is set 10 to 20 years in the future, so they have lots of neat gadgets! The one I really wish I could have is the Virtualizer! I could play with that all day and just be a bum. I just had a thought: I could probably eat as much as I wanted in the virtual world, since everything would be zero calories. It would be the perfect diet! I did hear that something like the Virtualizer is being developed. I can't wait for the future. Come to think of it, I've been getting some complaints that Yui's skirts are too short for a junior high school girl. But hey- this is the future! Maybe in the future the conservative look is short skirts, and the rebels all wear long dresses? (Kind of like going back into the past!) Actually, that was the way it was when I was in junior high...

So anyway, I'll see you again in Book 3.

Keiko Okamoto, May 1999



Fighting Grosser is no day at the beach!

With the help of her friends the Corrector Programs, Yui is ready to explore the Marine Adventures digital theme park and beta test before the public can come to play. But there's no time for underwater fun when the evil virus Grosser turns up to infect the program. It will take the song of a whale and the love of a girl to save this part of Com-Net.
